HELMET 26-27

INTRODUCTION

We are a rapidly growing sports goods enterprise, specializing in the design, development and manufacturing of bicycle helmets, ski helmets, skateboard helmets, speed ice skating helmets, equestrian helmets, water sports helmets and climbing helmets. We serve customers worldwide.

We are equipped with 5 EPS thermofusion machines, 3 vacuum plastic forming machines, 2 automatic painting workshops and 3 assembly lines. Our monthly production capacity reaches 50,000 helmets.

Our helmets have obtained certifications for various international safety standards, including US CPSC, ASTM F1447, ASTM F2040, ASTM F1849, as well as European CE EN1078, CE EN1077, CE EN1385, CE EN1384 and other standards. All products undergo strict testing before delivery. We firmly believe that quality is the lifeblood of our enterprise.

As a professional sports helmet supplier, we source raw materials globally and implement strict quality control in accordance with top international standards. We are committed to becoming a world-class quality supply chain and professional sports helmet provider in the sports and leisure industry.

We sincerely welcome customers from all over the world to cooperate with our factory.

CONTENTS

ROAD	03-16	WATER SPORTS	81-90
MTB	17-24	SKATEBOARD	91-96

SKI/SNOWBOARD SERIES

Insulated, Ventilation, Lightweight, Streamline

MS-15L

Application: Ski/Snowboard Helmets

For Ages: Youth/Adult

Construction: Lightweight In-mold Technology

Size: M(55-58cm); L(58-61cm)

Certification: CE EN1077

ASTM F2040

Features:

- + High Density EPS
- + Thick and Durable PC shell
- + Advanced Rear Adjustable Fit System
- + Washable Inner Lining and Removable Ear Padding
- + Top have open/close ventilation system
- + Removable Anti-Fog, Anti-Scratch, Anti-UV Lens Visor
- + ITW Buckle
- + Chin Padding
- + Rubber Cord Goggle Clip

MS-Z018L

Application: Ski/Snowboard Helmets

For Ages: Child/Youth/Adult

Construction: Lightweight In-mold Technology

Size: S(51-54cm); M(55-58cm);
L(58-61cm); XL(61-64cm)

Certification: CE EN1077
ASTM F2040

Features:

- + High Density EPS
- + Thick and Durable PC shell
- + Advanced Rear Adjustable Fit System
- + Washable Inner Lining and Removable Ear Padding
- + Front have open/close ventilation system
- + Removable Anti-Fog, Anti-Scratch, Anti-UV Lens Visor
- + ITW Buckle
- + Chin Padding
- + Rubber Goggle Clip

MS-V070

Application: Ski/Snowboard Helmets

For Ages: Youth/Adult

Construction: ABS+PC Inmold Hybrid Technology

Size: M(55-58cm); L(58-61cm)

Certification: CE EN1077

Features:

- + High Density EPS
- + High impact resistant ABS shell combine with Lightweight PC In-mold shell
- + Advanced Rear Adjustable Fit System
- + Washable Inner Lining and Removable Ear Padding
- + Top have open/close ventilation system
- + ITW Buckle
- + Chin Padding
- + Nylon Goggle Clip
